

# Register for Class

Follow the instructions below prior to our first class. These are recommended but optional. Anyone can watch the live tutorial without any additional steps: <https://www.dk-webdev.com/live-stream-tutorials>.

Register on our website at <https://www.dk-webdev.com/dk-kids-code> to gain access to your free Code Kingdoms account.

Create an account with Code Kingdoms using the access code and URL we provide after you register with us. We have a limited number of free accounts given on a first-come, first-serve basis.

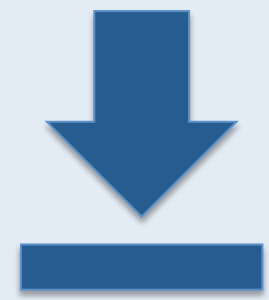

Create an account with Twitch at <https://www.twitch.tv/signup> in order to use the chat feature during our live stream. **You must be 13 years or older to sign up for an account. If you are younger, have your parent help!**

Create an account with Roblox at <https://www.roblox.com/account/signupredir> in order to use Roblox Studio in conjunction with Code Kingdoms.

Make sure you have your username and password for all accounts accessible prior to class!

## Required Downloads

Students will need to download Roblox Studio and a Code Kingdoms plugin. See instructions below.

1

In order to code for Roblox, you will need Roblox Studio installed. If you don't already have it, download it at <https://www.roblox.com/create>.

2

Once you have Roblox Studio installed, you will need download a Code Kingdoms plugin: <https://www.roblox.com/library/1225619644/Code-Kingdoms>

## Having Trouble?

We are here to help! And will get back to you with an answer as soon as possible.
